

# Harry Manchanda

WEB DEVELOPER, FULL STACK JAVASCRIPT ENGINEER

## PROFILE

I am a **Full-stack Web Developer** who can build you Web Apps in "Vue.js or React.js ecosystem for Frontend Web Development" and "Node.js ecosystem for Backend API Development" along with "Multiple Database options (PostgreSQL, MySQL, MongoDB, Amazon DynamoDB, etc)" to choose from for Data Persistence. When it comes to Web API's, I can work with both REST API and GraphQL API.

I have a **Master's Degree** in **Computer Applications**.

I am a **Javascript & TypeScript Developer** and my **current Full Stack** revolves around that for building **Web Apps & APIs**.

That said, I plan to master **Python** also for **Backend API Development** in the near future.
